ABOUT LCHANZ

Mission

- To build and sustain a trans-national organisation which provides professional development, advocacy and peer support for all members;
- To commit to the empowerment of breastfeeding women and their families/whanau;* (*family)
- To advise and make representations to relevant State and National Government authorities on issues relating to breastfeeding and human lactation and the profession of lactation consultancy

Vision

- International Board Certified Lactation Consultants (IBCLC) are health professional experts in the management of breastfeeding and human lactation
- Lactation Consultants of Australia and New Zealand (LCHANZ), serve as the key advisory body for health care providers and Government authorities in matters relating to breastfeeding and human lactation

Benefits of LCHANZ membership

- Unification of the separate Australian organisations and New Zealand organisation
- Strength in numbers where advocacy and professional issues concerned with lactation arise
- Membership is bundled and includes membership to both ILCA and LCHANZ associations
- Unified professional group, less fragmentation, easier for IBCLC's and others to communicate
- Greater recognition of LC profession and Certification of IBCLCs
- For conference/seminar organisation to reduce workload of small number of volunteers
- Strength in numbers when it comes to guest speakers, greater access across Australia and New Zealand
- Greater opportunity for advocacy as a unified voice to Government and Health services
- The go-to organisation for all professional lactation issues
